TO WHOM IT MAY CONCERN/D.O.J.

is the doj in support of our competitive, capitalistic system? FREE
enterprise has
allowed our country to prosper so far, why
the sudden show of favoritism? aol has experienced monumental growth
during this litigation period, while microsoft has been hindered by
suggested illegalities.
owning both stocks, i'd prefer the company i invest in prosper by
getting better and competing more vigorously,
rather than following the destructive path
of legal action (whining).
let's get back to business----
